President And Congress At Outs

Washington, Feb. 24—Congress and the President locked horns today and the situation at Washington is intense. President Wilson notified Congress to keep their hands off all diplomatic negotiations with Germany. The trouble arose over Congress favoring asking the President to issue a warning to Americans not to travel on armed merchantmen flying the flag of the Allies after March first.

President Wilson this afternoon stated that Germany must settle the first controversy before any other matter will be entered into.

Germany Believed On Her Last Big Drive

Paris, Feb. 24—It is supposed here that Germans are now engaged in their last big drive of the war. Seven army corps of a hundred and eighty thousand men are engaging the French over an eight mile front near Verdun. The battle is growing intensely.

W. G. Beattie was in town for a few days the first of the week.

"On To The English Channel" Is Slogan

Berlin, Feb. 24—All commanders of troops and ships under the German rule have been ordered to get to the English Channel as soon as possible and the slogan of the day is "On to the English Channel". The Kaiser has sent special instructions to the army at the front to capture the British lines no matter what the cost. The German forces today captured two miles of the allies trenches and lines at Sector Woivre. The German forces on the French front is now four hundred thousand strong and they have plenty of ammunition and supplies. The war is now on in earnest.

Germans Capture Beaumont

Paris, Feb. 24—The official news was given out today that the Germans have captured Beaumont. A terrible battle raged before the city for days. One entire unit of German forces were destroyed by ground mines when they tried to rush the outer fortifications.

The Alameda goes south Saturday

50 Thousand Men Killed In 24 Hours

London, Feb. 24—According to information given out by the war office is that reports from the front in France states that the battle now in progress on the France front is one of the hardest fought battles of the war. According to dispatches from the French war office the losses of the past twenty four hours exceed fifty thousand men. The war office reports the loss of several important positions and acknowledges the German gain.

Turks Are Evacuating Trebizond

London, Feb. 24—It is stated that the Turks are evacuating Trebizond and it is believed that the city will be in the hands of the Russian forces shortly.

Berlin, Feb. 24—The Kaiser has established quarters in Flanders so as to be in better communication with the front.

G. H. Canfield of the Forestry arrived up from Ketchikan on the Jefferson.

Will Survey Dry Straits This Summer

That Dry Straits will be surveyed this summer is practically assured from a telegram received by the Wrangell Chamber of Commerce last Saturday from the Cavanaugh Engineers of the War Department at Seattle. The cable reads:

President Chamber of Commerce, Wrangell, Alaska; Can stern wheel river steamer be chartered about thirty days next summer for survey of Dry Straits, if so wire collect, probable cost including fuel and crew, also what accommodations for housing and feeding survey party on available vessels.

Cavanaugh Engineers. Seattle, Feb. 19, 1916.

The matter was taken up by the President of the Chamber who answered as follows:

Cavanaugh Engineers Seattle, Washington, No American river steamer available. Could secure river steamer without power, eighty five feet long with tender, suitable for housing twelve men, or scow and tender like capacity, crew and fuel furnished for approximately seventy five dollars per day.

Wrangell Chamber of Commerce. The survey of Dry Straits is the real beginning of the new route across the Dry flats for which the local Chamber of Commerce have worked for the past two years. Dry Straits lies between Mitkof Island and the tide flats adjoining the mouth of the Stikine River, running from Kadin Island (High Island), at a point four miles from Wrangell, into Frederick Sound near the northern end of Dry Island, a total distance of nine miles.

The Dry Strait Cannel will not only help Wrangell but is a matter of vital importance to all Alaska. It will shorten the route from the states to Juneau and will eliminate the dangerous Wrangell Narrows. And for the larger boats which cannot pass through Wrangell Narrows it will save the hundred and fifty mile route around Cape Decision.

The new A. S. S. Co. steamer Alaska will make her first passenger trip to Alaska sailing from Seattle February 29th.

Japan Sends Notes To Teutonic Allies

Tokio, Feb. 24—The Japanese government has sent warnings to Germany and Austria stating that unless the inhuman and unlawful destruction of Japanese ships is stopped immediately Japan will not be held responsible for what follows. Copies of the note have been sent to the United States government officials at Washington. The cause of the action arose over the sinking of the Yaska Maru.

Japanese Fleet Is In The Mediterranean

Copenhagen, Feb. 24—German newspapers received here states the Japanese fleet has arrived at the Mediterranean. No details or information as to their business there is given.

Paris, Feb. 24—The war office posted bulletins this afternoon to the effect that terrible battles are raging fiercely all over the French fronts.

Robt. Scott and C. W. Speer, arrived on the Jefferson.

England Has 50 Thousand More Men

London, Feb. 24—England is ready to send immediately to the battle front in France fifty thousand men. The British government last week had information of the proposed movement of the German movement of forces in France and began preparing for it and will begin at once transporting the men across the channel.

Blockade Minister New Post Created In England

London, Feb. 24—The astounding news was given out this morning that the British government has secretly created a new post known as the Blockade Minister with a seat in the cabinet. Lord Robert Cecil Bee has received the appointment to the position and will have charge of the new blockade which England is putting into effect.

London, Feb. 24—England has started another blockade on German imports according to stories published in London papers this morning.

FISHER'S BLEND FLOUR

Better than the Best

WITHOUT our knowledge, the Columbus Laboratories of Chicago tested FISHER'S BLEND FLOUR for a Dakota Wheat Grower. The analysis ranked FISHER'S BLEND FLOUR higher in General Average, Gluten Quality, Water Absorption and Loaf Value than the best Dakota all-Hard Wheat Patent Flour, which is the recognized standard for bread-stuff efficiency. FISHER'S BLEND FLOUR is a scientific combination of Eastern Hard Wheat and Western Soft Wheat, preserving the best qualities of each. It costs you from 20 to 25% less than a straight Eastern Hard Wheat Flour—does.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Barbo Compound, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up for you, or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Why this man bought a Remington Junior Typewriter

"I have been investigating several of the recent makes of machine seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I just happened to see for the first time the Remington Junior, and found it to be the very thing I wanted."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. But his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high-grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

A "Simplified Remington" describes it exactly.

And its price is \$50.00

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy payment terms can be arranged if desired.
